

“Budget” magazine published an article of the head of SBI “Mosfinagency” D. Mikhailov “The consumer demand as the Russian economy’s growth engine”

14.11.2014

The consumer demand has served as the Russian economy’s growth engine during the entire post-crisis period. Its constant expansion was provided by the income increase, healthy labor market and a high level of borrowings of the population. But 2013 was a turning point in the consumer demand’s continuous acceleration, and in the medium term the trajectory of this growth will slow down.
